Please note one of the Easter public holidays for 2018 falls on Friday 30th March. This day should be deducted from your 2018/19 entitlement.

Extract from Annual Leave Policy:

36. There will be some years when more (or fewer) than 8 public holidays will fall within the leave year simply because holidays follow the calendar year e.g. Easter holidays (where designated as public holidays) can be in March or April. When this situation arises, these days should be taken from the following year's leave allocation.
