Action	PB/ EB	Delegated responsibility to Placement Board to deliver on behalf of Employing Board	Standard	Dependent upon
Board level requests	**PB** **PB**	Currently each Board is legally responsible for responding to FOIs relating to their workforce and the move to a regional employer will not change this position. Where FOIs are received by a board relating to specific specialties and/or sites this information will remain available via Turas. Where the Employing Board receives a request for information on trainees in the Placement Board the requestor will be redirected to those boards for response.	Freedom of Information (FoI) Act, 2005	
Request relating to trainee recruitment	**PB**	Whilst NHS Boards are closely involved in the administrative aspects of medical trainee recruitment on behalf of NES Deanery, the Deanery remains the lead for responding to FOIs in relation to trainee recruitment and areas such as programme fill rates.		
Regional level requests	**EB**	*When the Employing Board receives any requests asking for numbers across the region the Employing Board will reply on behalf of the region. The information will however be sent on to the named Placement Board FOI lead for review.*
